when i was in my first year at school i was put on the table with all the children with learning difficulties. the teacher mistook my introvert nature for something else. the table was eventually nicknamed "the daydreamer table" and it was full of all the children who "switched off" and didn't pay attention and spent the lesson looking out the window whilst thinking about something better. sort of funny really, i bet all of us grew up to be creative in our own ways. i think a lot of us book types are.

when i was in my first year at school i was put on the table with all the children with learning difficulties. the teacher mistook my introvert nature for something else. the table was eventually nicknamed "the daydreamer table" and it was full of all the children who "switched off" and didn't pay attention and spent the lesson looking out the window whilst thinking about something better. sort of funny really, i bet all of us grew up to be creative in our own ways. i think a lot of us book types are.

sometimes i lose myself completely in the books i read. i'll sit there and completely switch off the outside world. i don't realise i'm doing it. then someone will talk to me and drag my conscious back into reality. i hate it when that happens. i then have to think up a new imaginary world. i guess this is what authors do.

mr daydream dreams for hours. that's his life. does it sound all that bad?

i was an angry child who could not tolerate any wishy washy, airy fairy, immaterial nonsense. mr. daydream was not the only target of my ire; father christmas, the easter bunny and religion all got the same treatment.

now, as an adult with a more flexible mind, i realise that just because mr. daydream only exists in dreams doesn't mean he doesn't exist. he is clearly one of the many aspects of morpheus or dream of the endless. thinking about it, neil gaiman is lucky roger hargreaves is dead, as he could probably have sued the pants off him and got his deserved share of all that *sandman* wonga...

...more flag 10 likes · like · see review feb 25, 2018 gerry rated it really liked it · review of another edition jack was a good, well mannered little boy but he had one failing, he was a daydreamer! whenever he was supposed to be thinking about something, he found himself thinking about something else (sounds familiar!) ... he was daydreaming.

at school one fine, warm day he was sitting at the back of the classroom next to an open window. suddenly he spotted something blue outside the window on the grass. it was a small cloud-shaped figure. he couldn't believe his eyes, especially when the figure smiled and waved at him.

the teacher was still talking so jack quietly got up and quietly nipped out of the window. mr daydream introduced himself, told jack he was going on an adventure and asked jack if he wanted to join him. jack said that he did and, with a loud whistle from mr daydream, off they went.

the pair jumped on the back of a huge bird who had arrived in response to the whistle and who took them to africa where it was very hot. they spotted an elephant, who offered them a lift and picked them up with his trunk and placed them on his back.

the elephant carried them through the jungle until they reached a river where the elephant said goodbye and went off back into the jungle. mr daydream and jack were puzzling how to get across the river when a crocodile offered them a lift on his back. they climbed on but halfway across the crocodile showed his intentions, flicked them into the air with his tail and opened his jaws to catch and eat them.

it was then that mr daydream let out his loud whistle once more and, fortuitously, the big bird reappeared, caught them and saved them from certain destruction. not only that but the bird flew them to australia, where jack learned to throw a boomerang and was amazed when it came back to him.

from australia they went to the north pole where mr daydream fell in a snow drift before they carried on their journey an arrived in the wild west. there mr daydream donned a huge, ten-gallon cowboy hat and suddenly he couldn't see jack. 'jack, jack,' he called.

hearing his name called, jack was startled and suddenly found himself at his desk, facing his angry teacher who was calling his name. and you know why that was, don't you ... jack had been daydreaming once again!

however, jack decided that daydreaming was more fun than history! ...more flag 6 likes · like · see review aug 10, 2011 mark rice rated it it was amazing this book will resonate with all daydreamers. i remember reading it as a child and relating to it on every level. now, still a daydreamer, i relate to it every bit as much. jack (a human child) is bored in his history lesson. gazing through an open window, he sees mr daydream (a blue-fluffy-cloud being). mr daydream and jack embark on adventures that take them to every continent, all in the space of one history lesson. this highlights one important truth about daydreaming: it can bend all the laws of physics and indeed the physical universe. therein lies the power of dreams.

like all the mr men books, 'mr daydream' is beautifully illustrated. one picture, however, continues to trouble me: in the third picture of jack, he has no mouth. hargreaves was too much of a perfectionist for this to have been an inadvertent oversight, so i must conclude that the mouthless jack was designed to symbolise something. one of these days i'll figure out what. ...more flag 6 likes · like · see review feb 02, 2008 staci rated it it was amazing shelves: children's andy got this book for the little man and although it&apos;s a little too old for him, he enjoys looking at all the pictures and especially the little men on the back cover. he moves from "mr. nosey" to "mr. bump" and we bump him and he laughs, and and then he always gets to "mr. tickle" and likes to be tickled.

andy remembers them from when he was a kid and wants to buy the lot of them for the little man. andy got this book for the little man and although it's a little too old for him, he enjoys looking at all the pictures and especially the little men on the
